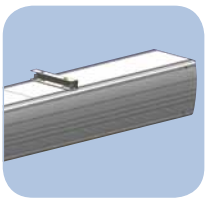
GIANTSCREEN ELECTROL

PRICE LIST P 72

ACCESSORIES P 110

- Projection screen for large venue applications. Available in widths from 5 to 7 metres with a maximum height of 5 metres.
- Robust case with a powerful motor.
- Limit switches are factory set guaranteeing a long life span. The GiantScreen Electrol is supplied with a wall switch.
- The projection screen is mounted to the wall and/or ceiling using two brackets which can be positioned flexibly. The brackets can be positioned up to one metre from each side.
- The motor is equipped with electric locks to prevent inadvertent unrolling and features thermal overload cut-off.
- The underside of the case is open as standard. A closed version can be supplied at additional cost.
- Also available with a rear projection screen surface in addition to Matte White. The seam in the rear projection screen surface may be slightly visible under projection.
- The case and the projection screen surface can be made to exactly the right size.

Aluminium case



Laterally adjustable mounting brackets

Round slat bar
